Temporary Positions

Following fixed term positions under a funded research project are available:

- a) Field surveyors – to conduct socio-economic survey, and collect drinking water samples for quality testing.
- b) Laboratory Engineers – to carry out water quality tests on collected samples.

Eligibility:

For position 'a': Bachelor's degree in any discipline.

For position 'b': Bachelor's degree in Civil/Agriculture Engineering, Environmental Sciences or Master's in Chemistry.

Note:

For both positions, preference shall be given to students enrolled in Post-graduate programs at UET, Peshawar. However, this shall not be the only determining criterion for selection.

Interested candidates should email their CVs at niuiip@uetpeshawar.edu.pk by 17th January 2018 at the latest. Only short listed applicants would be called for interview.
