Build in the cloud free with Azure for Students

Use your university or school email to sign up and renew each year you're a student

Start free

[Learn about eligibility >](#)

Start with \$100
Azure credit

No credit card
required

+

Start building apps

Develop with your favorite languages and create custom apps in Visual Studio.

Explore AI

Give your apps the ability to see, hear, speak, understand language, and do more with smart APIs and Azure Cognitive Services.

Work with big data sets

Build and train machine learning models faster with the latest open-source technologies.

After your credit, keep getting free services

Move to pay as you go for free monthly amounts of popular services for 12 months and 40+ other services always.

12 MONTHS

Developer

You design, build, and test the software and systems that make technology work, from commercial apps to enterprise cloud solutions. Get the skills and knowledge needed to build your career as a successful Developer.

[Learn more >](#)

DevOps Engineer

You lead people across the organization to create the processes that oversee code releases along with managing the development cycle to continuously deliver business value. Get the skills and knowledge needed to build your career as a successful DevOps Engineer.

[Learn more >](#)

Data Engineer

You design and implement the management, monitoring, and security of data solutions. Get the skills and knowledge needed to build your career as a successful Data Engineer.

[Learn more >](#)

Security Engineer

You're responsible for the design and implementation of digital security controls, managing access, and protecting your data in cloud networks as a Security Engineer. Get the skills and knowledge needed to build your career as a successful Security Engineer.
