

The Registrars,

All HEIs.

Dear Sir/Madam,

Greetings from HEC!

The Government of Pakistan is in the process of formulating the National Adolescent Policy, a comprehensive initiative aimed at addressing the educational, health, social, and economic challenges faced by adolescents. This policy seeks to create an enabling environment that fosters their personal and professional development, ensuring that they become active contributors to national progress.

To make this policy truly reflective of the needs and aspirations of young people, the Prime Minister's office (via following directive) has desired to conduct a **National Adolescent Policy and Youth Policy Survey** to gather insights directly from the students across Pakistan.

5.	HEC will ensure that all HEC-recognized universities and their affiliated colleges actively participate in the National Adolescent and Youth Policy (NAYP) by dissemination of Surveys, and Focus Group Discussions.	HEC	May 15 th 2025
----	--	-----	---------------------------

Foregoing in view, you esteemed university is requested to provide support in disseminating this survey to all students and affiliated colleges to ensure maximum participation.

Moreover, the HEIs are also requested to share the survey link widely through university portals, emails, WhatsApp groups, and social media platforms to encourage students to provide their valuable input.

Survey: National Adolescent and Youth Policy
