

Alumni Survey

(To be filled by Alumni - after the completion of each academic year)

The purpose of this survey is to obtain alumni input on the quality of education they received and the level of preparation they had at Department of Mechanical Engineering, Campus Jalozi, University of Engineering & technology. The purpose of this survey is to assess the quality of the academic program as per Outcome Based Education (OBE) Practices. We seek your help in completing this survey. We seek your help in completing this survey.

Scale Used: Excellent (5), Very Good (4), Good (3), Fair (2), Poor (1)

Alumni Information:

Name: _____

Name of organization _____

Position in organization _____

Year of graduation _____

Contact No: _____, Email: _____

1. Employment opportunities you received after graduation?

1	2	3	4	5
---	---	---	---	---

2. How potentially can you apply the engineering knowledge gained in Undergraduate program in your career path?

1	2	3	4	5
---	---	---	---	---

3. How competently can you apply your engineering education to analyze and solve complex problems in your career?

1	2	3	4	5
---	---	---	---	---

4. Ability to design solutions and systems for engineering problems that meet engineering norms and practices?

1	2	3	4	5
---	---	---	---	---

5. How do you rate your research ability to investigate and solve complex engineering problems using literature review, experimentation, and data analysis?

1	2	3	4	5
---	---	---	---	---

6. How do you rate your ability to effectively prepare and present different technical documents and reports?

1	2	3	4	5
---	---	---	---	---

7. How do you rate your ability to apply managerial and leadership skills in a multidisciplinary environment?

1	2	3	4	5
---	---	---	---	---

8. Is the curriculum well designed to develop an understanding of professional ethics practices?

1	2	3	4	5
---	---	---	---	---

9. How do you rate your ability to apply engineering knowledge that addresses issues related to society, environmental health and safety?

1	2	3	4	5
---	---	---	---	---

10. How do you rate your ability to work effectively as an individual and part of a team?

1	2	3	4	5
---	---	---	---	---

11. Do your undergraduate studies help to progress towards new technological development and higher studies ?

1	2	3	4	5
---	---	---	---	---

12. How effective has your undergraduate education prepared you to use modern engineering techniques and tools for professional development and advanced studies?

1	2	3	4	5
---	---	---	---	---

General Comments:

1. Any suggestions to improve the skills, course contents and learning environment of the department. , which you think would help strengthen our programs.
