

## ADVISORY FOR ALL STUDENTS

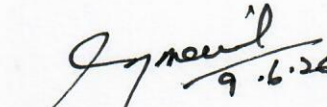

Students are required to log in to the **SAP Student Portal** and download their official fee voucher/challan. Fee payments must be made **only through the designated banks and payment channels specified on the official fee challan** issued by the University. This is necessary to ensure that the fee is correctly identified, processed, and automatically adjusted against the student's account in the University's financial system.

Please note that payments made through unauthorized channels or without the official fee challan may not be automatically recognized or reflected in the University's fee management system, as such payment methods are currently not integrated with the University's financial and student records systems.

All students of all campuses and departments are hereby advised **not to deposit or transfer their fee dues through Easypaisa, JazzCash, online bank transfers, or any other unauthorized payment method** into the University's fee collection accounts.

Consequently, these payments may result in delays in fee verification, account reconciliation, and adjustment of dues. Such delays may affect a student's eligibility to appear in examinations, register for courses, or avail other academic services.

All students are therefore advised to strictly follow the prescribed fee payment procedure (Attached), fee challan/payment receipt for their records, and ensure timely payment of their dues through the authorized channels only.
